PETER STOREY COMPLETES 25 YEARS OF SERVICE

Today, Peter Storey, Industrial Services - Fire Protection, is celebrating his 25th service anniversary.

Congratulations!

NIBIO CROES ELECTED REPRESENTATIVE ON LAGO THRIFT FOUNDATION BOARD

The results of the election of a representative on the Lago Thrift Foundation Board are as follows:

The elections were held on March 1, 2 and 3.

PAGING CODE SYSTEM CHANGED FROM THREE TO FOUR DIGITS

The present paging number system (Nos. 801 to 898) has been increased to use up to 360 numbers. This required a change from the present three-digit paging numbering system to a four-digit numbering system. The conversion from the present three-digit system is made by using 81 to replace the first digit 8. Thus, No. 801 becomes 8101; No. 836 becomes 8136 and so on. The new four-digit paging system is effective as of today.

O. V. ANTONETTE ON BUSINESS TRIP

Leaving for Caracas this afternoon is Public Relations Administrator Oscar V. Antonette of PR/IR. Mr. Antonette will be attending a Public Relations meeting in Caracas.

NEW SPEED LIMIT POSTED ON MAIN REFINERY ROAD

The main refinery road is now open to traffic until further notice. Drivers are asked to drive extra carefully as there are still many people working along the way. A reduced speed limit within the zone indicated by signs is 30 KM. The road will be patrolled by Lago Police.

SULPHUR PLANT DOWN

In connection with the PCAR shutdown, the Sulphur Plant will come down today due to lack of feedstock. The unit will be down about two weeks.
